

WILDWOOD POODLE
Purchase Agreement

Every effort is made to guarantee a puppy from us is in good health at the time of adoption or delivery so we ask that you have it checked by your vet within **72 hrs.** of getting it. **Proof of this visit MUST BE FURNISHED TO US.** We can't control what your puppy encounters after leaving us, so if you do not to have your puppy examined, then our contract is **VOID**. Our health contract is for the **first 12 months** of life against these life-threatening illnesses (heart, liver, & kidneys). This contract is **not-transferrable**, if you choose not to keep the puppy. Conditions such as but not limited to worms, earmites, colds, Giardia, hypoglycemia or Coccidiosis can be dormant but they are treatable & **do not** warrant a return. Should a life-threatening condition occur as mentioned above, it can be replaced with another puppy of equal price, size, and/or color when available. **NO CASH REFUNDS WILL BE MADE!!!** **If a replacement is offered and refused, then we have fulfilled our obligation.** Every effort is made to offer a replacement equal to the puppy purchased.

All paperwork **MUST BE RETURNED** with the puppy. Vaccinations must be up to date or no exchange will be made. All shipping fees are done at the **buyer's expense**. If the puppy dies, an autopsy **MUST BE DONE** by a **state lab** explaining the cause of death and furnished before we can determine if a replacement is warranted. If you choose **not** to have this procedure done, **no replacement will be made**. **Please remember that a replacement puppy is only given if all terms are met, and a life threatening condition was diagnosed by a licensed veterinarian, not for any other reason.** Any expenses incurred after the puppy leaves our care, such as vet bills, autopsy, etc. is at the buyers' expense. Our contract is void in case of accidental injury which can happen. Every precaution should be taken when handling your puppy as well as providing a safe home environment. We make no guarantees on size, color, personality, temperament, fertility, or show ability. All of our puppies are sold as pets only, if you decide to show or breed your puppy, then we, as the breeders, are not liable. Registration papers are furnished to you at adoption or mailed to you if they aren't available when an adoption is done. We guarantee the direct parentage of our puppies and will furnish you with a 4/5-generation pedigree on your puppy if requested.

This is a binding agreement between us(the breeder) and you (the original buyer)
